FAMA Paris - Los Angeles with [@kekli](#) and [@katbingart](#) at Porte de Clignancourt.

The 9th edition of our Franco-American project focused on social issues and values shared by both our countries. This time, the spotlight was on sports and the special connection between Paris and Los Angeles, the next two cities to host the Olympic and Paralympic Games.

A big thank you to the residents who participated in the public meetings, to the students of Maurice Utrillo secondary school who voted to choose the artists, to the REcyclerie, the Maison Bleue social center, Espoir 18, EPJ Mont-Cenis, and No Go TV.

And, of course, thank you to all the partners who have supported this project with us from the very beginning, over a year ago: [@usembassyfrance](#), [@paris_maville](#), [@cityoflosangeles](#), [@mairie18](#), [@lacountyarts](#), Akelius France, and [@if_officiel](#).
